

Customer Measurement and Order Form

Items required:

1. Measuring tape (inches or centimeters)
2. good fitting clothing (Please do not wear jeans and make sure your pockets are empty)

Measuring basics:

- While measuring the measurement tape should be flat against the body.
- Please make sure the measurements are comfortable enough for you however, keep in mind not to measure too tightly which will restrict movement or too loose.
- All measurements should be taken to the nearest quarter (.25inch).
- Please do not add “wiggle room” to your measurements as the tailor will adjust these during production. Skin measurements only!
- If you have any additional questions, please feel free to inquire with us at info@dannysshop.com

Please submit this form at info@dannysshop.com upon completion

Basic Information

Full name: _____

Height: _____

Email: _____

Weight: _____

Telephone: _____

Address: _____

Describe problems faced when buying off the rack:

What did you wear while being measured?

Your Stance:

Normal

Forward leaning

Upright

Shoulder Description:

Normal

Bulky

Straight

Curved

Thin

Shirt and Jacket Measurement Guide

Please be sure to indicate unit of measurement

Length

- Place the measuring tape on the top of the shoulders before the neck begins.
- Measure until where you would like the jacket/shirt to end. This is point is usually the center of the thumb (as illustrated)
- If you plan to always tuck in the shirt you may want to measure a little longer or shorter if you plan to wear it untucked.

Jacket/Shirt Length: _____

Chest

- Measure the chest at its fullest area. This is generally just under the armpits and shoulder blades while crossing both nipples.
- Hold the tape tight enough so that it does not slip or have slack.
- Take the final measurement while taking a normal breath.
- Please be sure to not puff out your chest out.

Chest Size: _____

Waist

- Measure around the fullest part of the waist/stomach. This is usually over the belly button.

Waist Size: _____

Hips

- Measure around the fullest part of your hips/buttocks. Hip Size: _____

Shoulder

- Measure from the right end of the shoulder to the left end.
- The shoulder ends at the tip of the shoulder bone. (refer to illustration)

Shoulder Size: _____

Neck

- Measure around the area of the neck where the collar would sit if buttoned.
- The tape should be flat against the skin just under your Adams Apple.
- Please make sure not to measure too tight as this could restrict your breathing. As a general rule, a single finger (index finger) should be able to fit in-between the tape and skin for a precise measurement.

Neck Size: _____

Sleeves

- Please measure both arms as there is usually a slight variance in arm lengths.
- Start at the end of the shoulder until the base of the hand. This is usually an inch before the knuckles (refer to illustration).

Left Arm Length: _____

Right Arm Length: _____

Bicep/Muscle

- Measure around the fullest part of your bicep with your arms by your side.
- Only one arms measurement is required.

Bicep/Muscle Size: _____

Pant/Trousers Measurement Guide

Please be sure to indicate unit of measurement

Trouser Waist

- Measure around the area where you would normally wear your pants.
- Make sure the measuring tape is flat around the waist and record the final measurement.
- Please note that this is not the same measurement or area as the shirt measurement above.

Waist Size: _____

Length

- Measuring from the top of your pants waistband to the floor along the outside of your leg.
- Please make sure the tape is tight and you are standing straight.
- Please remove your shoes while taking this measurement.

Length: _____

Crotch

- Measure from the front of the pants waistband to the back of the pants waistband.
- Please be sure to neither measure too tight or too loose.

Crotch Size: _____

Thigh

- Measure around the Thigh at its widest point.
- Only one side is required.

Thigh Size: _____

Bottoms & Calf

- Measure around the center of the knee.
- Measure around the upper part of your ankles to determine the trouser bottoms.
- Only one side is required.

Calf Size: _____

Bottoms: _____
